

North Valley Animal Disaster Group Standard Operating Guidelines

Title: CONVERGENT VOLUNTEER

Objective: To standardize the way convergent volunteers are utilized

Description:

All convergent volunteers (aka spontaneous uninvited volunteers) will be initially processed by the County Volunteer Coordinator. They will be sworn in as a Butte County Disaster Service Worker before they are allowed to work. After an assessment (and conferment with the individual requesting volunteers), the volunteer will be assigned to the most appropriate position.

The volunteer is required to fulfill any additional requirements of the County Volunteer Coordinator and/or requirements of Butte County.
