

## ***North Valley Animal Disaster Group Standard Operating Guidelines***

Title: EVACUATION TEAM - APPLICATION

Objective: To provide a clear path and direction to join the Evacuation Team

Description:

To become a member of the Evacuation Team requires additional training, experience, and interview obligations. It is not uncommon to take over a year to meet these requirements.

Minimum and suggested training classes are listed in the Training Guidelines SOG.

This is a highly physical demanding position and requires a physical fitness test. Refer to the Physical Fitness SOG for details.

This position requires decision-making skills in high pressure situations, the ability to triage, as well as exposure to dangerous and/or distressing situations. Each person needs to evaluate their individual temperament to ascertain if this position is appropriate for them. The final step is an interview with the Evacuation Leader and/or their designee.

Consult the Evacuation Team Leader with any questions.
