

## ***North Valley Animal Disaster Group Standard Operating Guidelines***

Title: INCIDENT COMMAND SYSTEM

Objective: To assure that all responders are trained, and fully utilizing, the Incident Command System

Emergency Responders, including NVADG, follow the Incident Command System (ICS).

- Volunteers are required to complete ICS100, 200, 700, to understand and follow the Incident Command reporting structure.
- Supervisors are required to complete ICS 800.
- Supervisors are recommended to complete ICS 300.
- All responders will fill out an ICS 214 Duty Log daily and hand it in to their supervisors.
  - Supervisors will check the ICS 214s for accuracy and completeness before giving them to their supervisors.
